SUMMARY

As a passionate and ambitious Junior Java Developer, I have a strong background in object-oriented programming and an in-depth understanding of various languages and frameworks, including Spring and SQL. My experience in different projects and collaboration with teams has honed my skills in problem-solving and communication, making me a well-rounded candidate for the role. My dedication to continuous learning and drive to excel in the field make me a valuable asset to any team. I am fluent in Italian and English, with basic knowledge of French and Spanish.
